With your help, we exceeded our 2022 budget by almost \$350000!

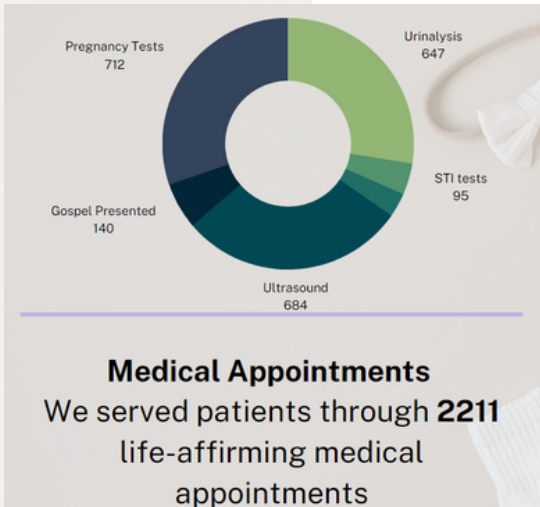

2022 total year-end net assets for the Bridge Wellness South
\$1,034,326

Our SERVICES

1

Medical Services

The Bridge Wellness South provides a non-judgmental environment where men and women have no barriers to access our excellent no-cost medical services. Our Licensed Healthcare Professionals provide pregnancy testing and limited obstetric ultrasound to confirm pregnancy, STI testing and treatment, Urinalysis, and decision support as needed. Our uniquely focused medical services give timely access to information to support important life decision.

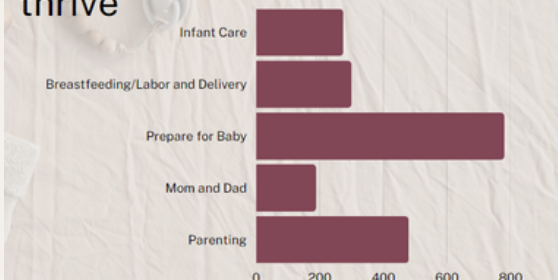

2

Educational Support Services

The iNvest Parent Prep Program provides educational classes to support our medical services with individual and group instruction. Classes range from topics about pregnancy, childbirth, breastfeeding, postnatal care, parenting, STI education, and more. Participation in the program also provides access to the Baby Boutique and participants can use points earned for baby and toddler supplies.

We served parents through **2282** educational classes to help empower families to thrive

3

Compassion and Intention

It is our mission to provide compassionate care through medical, emotional, and spiritual support. We strive to empower each individual so that no one makes uninformed choices about pregnancy or sexual health because of a lack of access to services, information, or support. Since 1993, our life-affirming care model has been a vital part of providing the support needed for many Henry County families. Immediate access to our services has helped these individuals obtain timely access to medical support. We have helped individuals and families find the courage and strength to become the parents they always knew they could be.

7 OUT OF 10
At-risk patients choose life for their baby

very personal, and welcoming! they explained everything and answered all my questions.

- Jeanie Murphy - Clinic Nurse
- Carol Corban - Client Services Director
- Alicia Coria - Reception
- Theresa Stuart- Patient Advocate
- Janice Bell - Client Services Admin Assistant

Executive Director

Sonja Hegwood
 Sonja began as a volunteer at the center in 2006 and has filled many positions in that time. She was appointed as the Executive Director in 2017. Since then, the center has increased staff, moved to a new facility, and implemented new policies that will allow for expanded services. She says that she is blessed to be a part of the work of the center and how it serves the community with compassion and excellence.

Volunteers

Volunteers are a vital part of the mission of the Bridge Wellness South. Because of their hard work and dedication, we are able to keep our services free. We are VERY thankful for each and every volunteer! If you would like to learn more about how you can be a part call us at 770-957-8288.

27	11
Medical and Education Program Volunteers	Full and Part-time Paid Staff
MEDICAL COSTS	
100%	23%
Donations We are 100% donor supported with no government funding.	Because of our service model, our costs to serve patients are drastically below market average saving the community thousands of dollars
